Changzhou Camino Building Material Co., Ltd.

Company Profile CAMINO BUILDING MATERIAL

Company History Changzhou Camino Building Material Co., Ltd. is a specialized flooring and building materials manufacturer, initiating from its main products of laminate flooring and WPC(wood plastic composite) in 2002 with its headquarter located in Changzhou,China to currently professionally supplying many kinds of building materials and decorating materials including EPE, PU,PE,EVA, IXPE,which are widely used for decoration, packing, heat preservation, water-proof, construction and many other fields. In the Year of 2011, with the deep stride into the global markets, CAMINO has successfully set up its overseas agent in Philippines.

Company Vision The director of CAMINO and the whole staff deeply understand the customer first principle. And we are always keeping a strong sense that quality is the existence soul for CAMINO enterprise. All our clients will be feeling the efficiency and the fast delivery services from us. We 110% fulfill whatever we promised to our clients and we treat every of our clients as the sweet lover.

Inspection Inspection is key to quality in any manufacturing process in any country. CAMINO is no exception. Imperfect product occasionally rolls off our assembly line. The important difference is we inspect every flooring plank and tile, remove any flawed ones and put them where they belong, in the trash. Our inspectors are Shanghai and United States trained. This enables them to understand what is acceptable as well as that which is not. It's another investment that CAMINO makes in themselves, their product and their customers.

Global Exporting We are now exporting our products to more than 20 countries. If you are interested in any of our products, please just feel free to contact us. We are looking forward to establishing our business cooperation with you in the future.
